UTILITIES POLICY

October, January, April, July, October 1991

Articles – titles

Electricity

Anti-trust and regulatory issues in a competitive electric industry. *Reinier H.J.H. Lock*. 1.3, 220–233

Building a European electricity market: some lessons from recent US and European experience. *Raymond Leban*. 1.3, 234–244

Electricity monopoly *v* competition? *P. Lederer and J.P. Bouttes*. 1.3, 212–219

Electricity planning in the 1990s. *T.W. Berrie and D. McGlade*. 1.3, 199–211

Electronic metering and two-way communications: the electric power industry. *Fereidoon P. Sioshansi*. 1.4, 294–307

Evaluation of front loading in auctions for wholesale power. *Steven Stoft and Edward Kahn*. 1.1, 28–35

Integrated resource planning: electric and gas utilities in the USA. *Eric Hurst, Charles Goldman and Mary Ellen Hopkins*. 1.2, 172–186

Long-term load shape assessment. *Adriaan Perrels*. 1.2, 150–163

Procurement in European power plant. *Steve Thomas and Francis McGowan*. 1.2, 124–133

Reshaping the CEGB: electricity privatization in the UK. *Richard Green*. 1.3, 245–254

Residential time-of-use pricing as a load management strategy: effectiveness and applicability. *Lawrence J. Hill*. 1.4, 308–318

RPI-X price cap regulation: the price controls used in UK electricity. *Thomas G. Weyman-Jones*. 1.1, 65–77

Social and financial objectives in electricity pricing: case study of an Indian utility. *Bhaskar Natarajan*. 1.4, 326–336

Societal impacts of utility overinvestment: the James Bay hydroelectric project. *H. Connor-Lajambe*. 1.1, 76–87

Competition

Anti-trust and regulatory issues in a competitive electric industry. *Reinier H.J.H. Lock*. 1.3, 220–233

Building a European electricity market: some lessons from recent US and European experience. *Raymond Leban*. 1.3, 234–244

European utilities policy: the emerging legal framework. *Leigh Hancher*. 1.3, 255–266

Electricity monopoly *v* competition? *P. Lederer and J.P. Bouttes*. 1.3, 212–219

Global management: a new challenge for oil companies. *Alain Lapointe and André Poirier*. 1.5, 350–378

From monopoly to competition: marketing natural gas in the UK. *David W. Heal*. 1.1, 54–64

Restructuring and privatization: viable strategies for State enterprises in developing countries? *Thomas W. Walde*. 1.5, 412–417

The need for new paradigms: building a sense of belonging for today's managers. *Lowell D. Becker*. 1.5, 424–428

Gas

From monopoly to competition: marketing natural gas in the UK. *David W. Heal*. 1.1, 54–64

Integrated resource planning: electric and gas utilities in the USA. *Eric Hirst, Charles Goldman and Mary Ellen Hopkins*. 1.2, 172–186

Management

Anatomy of a merger: the human element. *Robert B. Peterson*. 1.5, 427–429

A global outlook: future executives in the hydrocarbon industry. *Pierre Masson*. 1.5, 401–404

Government–private sector interaction. *Arthur R. Price*. 1.5, 395–398

Leadership training: an essential for the company of tomorrow. *J.R.R. Picard*. 1.5, 419–420

Managing for long-term profitability. *T. Don Stacy*. 1.5, 405–409

Openness to other cultures and new organizational structures. *Alian Perez*. 1.5, 410–411.

Preparing a company for inevitable choices: diversification or retrenchment? *Gaston N. Beauregard*. 1.5, 421–423

The need for new paradigms: building a sense of belonging for today's managers. *Lowell D. Becker*. 1.5, 424–428

Planning

Anatomy of a merger: the human element. *Robert B. Peterson*. 1.5, 427–429

Building a European electricity market: some lessons from recent US and European experience. *Raymond Leban*. 1.3, 234–244

Corporate strategies for a changing environment. *Peter D.S. Hadfield*. 1.5, 381–386

Electricity planning in the 1990s. *T.W. Berrie and D. McGlade* 1.3, 199–211

Environmental costs and power systems planning. *A. Markandya*. 1.1, 13–27

Global management: a new challenge for oil companies. *Alain Lapointe and Andre Poirier*. 1.5, 370–378

Pricing

Diversification of a telephone company service offerings and cash cow economics: who gets milked? *Mark E. Meitzen*. 1.1, 43–53

Electronic metering and two-way communications: the electric power industry. *Fereidoon P. Sioshansi*. 1.4, 294–307

Evaluation of front loading in auctions for wholesale power. *Steven Stoft and Edward Kahn*. 1.1, 28–35

Residential time-of-use pricing as a load management strategy: effectiveness and applicability. *Lawrence J. Hill*. 1.4, 308–318

Social and financial objectives in electricity pricing: case study of an Indian utility. *Bhaskar Natarajan*. 1.4, 326–336

The FCC's net revenue test as a predation and cross-subsidy safeguard. *Alexander C. Larson*. 1.4, 319–325

RPI-X price cap regulation: the price controls used in UK electricity. *Thomas G. Weyman-Jones*. 1.1, 65–77

Privatization

British Coal: present position and prospects. *Eric Anstee*. 1.3, 196–198

Electricity planning in the 1990s. *T.W. Berrie and D. McGlade*. 1.3, 199–211

From monopoly to competition: marketing natural gas in the UK. *David W. Heal*. 1.1, 54–64

Reshaping the CEGB: electricity privatization in the UK. *Richard Green*. 1.3, 245–254

Restructuring and privatization: viable strategies for state enterprises in developing countries? *Thomas W. Walde*. 1.5, 412–417

Procurement

Procurement in European defence. *Trevor Taylor*. 1.2, 144–149

Procurement in European power plant. *Steve Thomas and Francis McGowan*. 1.2, 124–133

Procurement in European telecommunications. *David R. Charles*. 1.1, 134–143

Procurement in European utilities: towards more open markets? *Stephen Woolcock*. 1.2, 116–123

Utilities and public procurement: an introduction. *Francis McGowan*. 1.2, 110–115

Regulation

Anti-trust and regulatory issues in a competitive electric industry. *Reinier H.J.H. Lock*. 1.3, 220–233

Building a European electricity market: some lessons from recent US and European experience. *Raymond Leban*. 1.3, 234–244

Diversification of a telephone company service offerings and cash cow economics: who gets milked? *Mark E. Meitzen*. 1.1, 43–53

Electricity monopoly *v* competition? *P. Lederer and J.P. Bouttes*. 1.3, 212–219

Government–Private sector interaction. *Arthur R. Price*. 1.5, 395–398

Reshaping the CEGB: electricity privatization in the UK. *Richard Green*. 1.3, 245–254

RPI-X price cap regulation: the price controls used in UK electricity. *Thomas G. Weyman-Jones*. 1.1, 65–77

Oil

A global outlook: future executives in the hydrocarbon industry. *Pierre Masson*. 1.5, 401–404

Anatomy of a merger: the human element. *Robert B. Peterson*. 1.5, 427–429

Corporate strategies for a changing environment. *Peter D.S. Hadfield*. 1.5, 381–386

Global management: a new challenge for oil companies. *Alain Lapointe and André Poirier*. 1.5, 370–378

Government–Private sector interaction. *Arthur R. Price*. 1.5, 395–398

Leadership training: an essential for the company of tomorrow. *J.R.R. Picard*. 1.5, 419–420

Managing for long-term profitability. *T. Don Stacy*. 1.5, 405–409

Mastering technology and containing costs. *Jean Favre*. 1.5, 391–394

Oil before and beyond the Gulf crisis. *Alirio A. Parra*. 1.5, 387–390

Openness to other cultures and new organizational structures. *Alain Perez*. 1.5, 410–411

Preparing a company for inevitable choices: diversification or retrenchment? *Gaston N. Beauregard*. 1.5, 421–423

Restructduring and privatization: viable strategies for state enterprises in developing countries? *Thomas W. Walde*. 1.5, 412–417

Special issue, Global management, Introduction to part 1: changes in the external environment. 1.5, 379–380

Special issue, Global management, Introduction to part 2: internal dynamics of companies. 1.5, 399–400

Special issue, Global management, Introduction to part 3: training future managers. 1.5, 418

The need for new paradigms: building a sense of belonging for today's managers. *Lovell D. Becker*. 1.5, 424–426

Structure

A global outlook: future executives in the hydrocarbon industry. *Pierre Masson*. 1.5, 401–404

Anatomy of a merger: the human element. *Robert B. Peterson*. 1.5, 427–429

Long-term load shape asessment. *Adriaan Perrels*. 1.2, 150–163

Managing for long-term profitability. *T. Don Stacy*. 1.5, 405–409

Leadership training: an essential for the company of tomorrow. *J.R.R. Picard*. 1.5, 419–420

Openness to other cultures and new organizational structures. *Alain Perez*. 1.5, 410–411

Preparing a company for inevitable choices: diversification or retrenchment? *Gaston N. Beauregard*. 1.5, 421–423

The need for new paradigms: building a sense of belonging for today's managers. *Lowell D. Becker*. 1.5, 424–428

UK office of water services: structure and policy. *I.C.R. Byatt*. 1.2, 164–171

Telecommunications

Diversification of telephone company service offerings and cash cow economics: who gets milked? *Mark E. Meitzen*. 1.1, 43–53

Procurement in European telecommunications. *David R. Charles*. 1.1, 134–143

The FCC's net revenue test as a predation and cross-subsidy safeguard. *Alexander C. Larson*. 1.4, 319–325

Waste

Intergrated waste management in a Swedish region. *Kjell Nilsson*. 1.4, 337–340

Water

UK office of water services: structure and policy. *I.C.R. Byatt*. 1.2, 164–171

Organizing and regulating electric systems in the nineties: a Euro-American conference, CEPRIM, Paris, 28–30 May 1990. *Francis McGowan*. 1.1, 90–92
World Electricity, *Financial Times* conference, London, UK, 12–13 November 1990. *Walter C. Patterson*. 1.4, 348–349

Book reviews

A Review of Regulation of the Power Sectors in Developing Countries World Bank Industry and Energy Department Working Paper, Energy Series Paper No 22 (Tom W. Berrie). 1.3, 269–270
Chaotic Economic Dynamics by Richard M. Goodwin (Tom W. Berrie). 1.5, 439
Cities and Automobile Dependence: An International Sourcebook by Peter Norman and Jeffry Kenworthy (Harry T. Dimitriou). 1.4, 352–354
Combined Production of Heat and Power (Cogeneration) ed by J. Sirchis (Norman Jenkins). 1.5, 446
Demand, Prices and the Refining Industry: a Case Study of the European Oil Production Market by Robert Bacon, Margaret Chadwick, Joyce Dargay, David Long and Robert Mabro (Gilbert Jenkins). 1.2, 189–190
Electricity for Rural People by Gerald Foley (Tom W. Berrie). 1.5, 443–444
Electricity in Europe: Power and Profit by Andrew Holmes (Tom Weyman-Jones). 1.2, 187–188
Electric Power Wheeling and Dealing: Technological Considerations for Increasing Competition by the Office of Technology Assessment, Washington, DC (Fereidoon P. Sioshansi). 1.1, 99
Energy Analysis and Policy and *Electric Power Economics* by M. Munasinghe (Tom W. Berrie). 1.5, 445–446
Energy, Transport and the Environment by Transnet (Kenneth Button). 1.5, 436–437
Gas Regulation in Western Europe: A Country-by-Country Guide by Peter Cameron (Peter R. Odell). 1.3, 270–271
Least Cost Planning in the Gas Industry: A Study Prepared for the Office of Gas Supply by Ian Brown (Catherine Price). 1.4, 357–358
Oil and Gas Forecasting: Reflections of a Petroleum Geologist by Lawrence J. Drew (Allan Spencer). 1.4, 355–356
Piper Alpha – Lessons for Life Cycle Safety Management proceedings of a symposium organized by the Institution of Chemical Engineers, September 1990 (Gilbert Jenkins). 1.4, 356–357
Privatization in Developing Countries ed by V.V. Ramadadham (Catherine Price). 1.5, 444–445
Prospects for Independent Power Generation Seminar papers, University of Surrey, UK, 1989 (David Porter). 1.3, 275–276
Public Utility Regulation ed by Kenneth Nowotny, David B. Smith and Harry M. Trebing (Michael G. Webb). 1.4, 351–352
Renewable Energy Sources: Report No 22 of the Watt Committee on Energy ed by Michael A. Laughton (Arthur Conway). 1.4, 354–355
Setting Global Telecommunications Standards by Gerd Wallenstein (Heather Hudson). 1.5, 438–439
Strategies for New Technologies: Case Studies from British and France ed by M. Sharp and P. Holmes (Robin Mansell). 1.3, 271–272
Systems Concepts, Methodologies and Applications by Brian Wilson (Tom. W. Berrie). 1.5, 447
The Devil's Gold by Leo Drollas and Jon Greenman (Paul Tempest). 1.1, 97–99
The New Energy Markets of the Soviet Union and East Europe by Paul K. Lyons (Matthew J. Sagers). 1.5, 438
The Rise and Fall of Infrastructures: Dynamics of Evolution and Technological Change in Transport by Arnulf Grubler (Daniel Sperling). 1.5, 435
The World Market for Heavy Electrical Equipment by Steve Thomas and Francis McGowan (Augusto Ninni). 1.4, 358–359
Telecommunication Network-Based Services by Robin Mansell (Bruce L. Egan). 1.3, 273–275
Telecommunications Systems Engineering by Roger L. Freeman (R.P. Askham). 1.2, 188–189
Transport Planning for third World Cities by Harry T. Dimitriou assisted by George A. Banjo (Booi Hon Kam). 1.5, 440–441
Waste Management: Towards a Sustainable Society by O.P. Kharbanda and E.A. Stallworthy (Simon J.T. Pollard). 1.5, 434–435
Water Resource Management: Integrated Policies OECD; *Integrated Water Management* by B. Mitchell (Colin Sinnott). 1.5, 441–442

Case Studies

Integrated waste management in a Swedish region. *Kjell Nilsson*. 1.4, 337–340
Societal impacts of utility overinvestment: the James Bay hydroelectric project. *H. Connor-Lajambe*. 1.1, 78–87

Apology to Maurice Adelman

Paul Tempest. 1.3, 276

Calendar
